CRAFTED FOR CELEBRATION

Canvas. Not PVC.

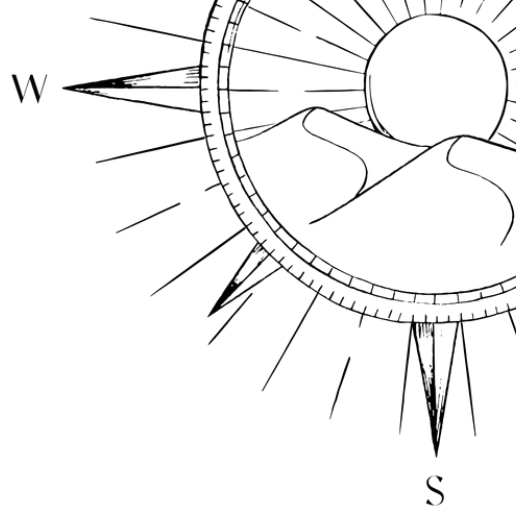

Luxury ivory. Not stark white.

Our Nautical Sailcloth is designed for elegance - soft ivory cream with a superior canvas weave, durable and refined.

Translucent by day, ambient by night.

Natural light filters through canvas for bright spring and summer gatherings. As evening falls, the sailcloth radiates warmth and atmosphere, dramatically illuminated for dining, dancing, and celebration.

With 360° sidewalls, the space can be open and airy or enclosed and cosy, adapting to weather, mood, and moment.

WHY EMPTY QUARTER EVENTS?

FOUNDERS AND DIRECTORS, LUKAS & ABBEY

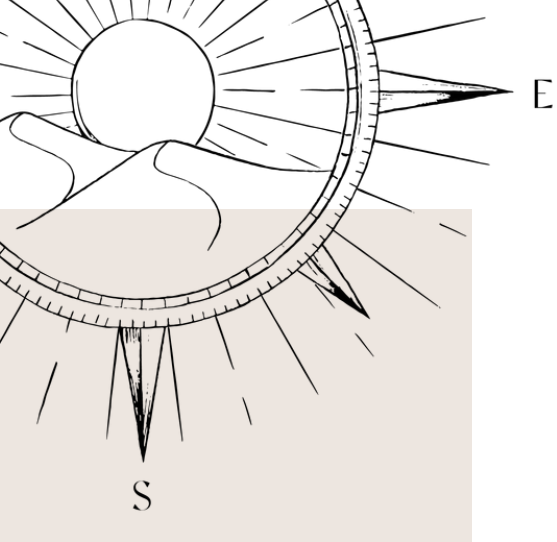

CRAFTED WITH CARE

From country fields in the UK to desert festivals in the UAE, our work spans continents - bringing people together under structures that feel both grounded and extraordinary.

We're not just tent suppliers. We're designers, riggers, and makers - crafting premium event structures with expertise and care to bring form, function, and atmosphere together.

Every installation is personally overseen by our directors, blending years of construction, engineering, and events expertise to ensure your structure is as safe as it is striking.

Our ethos is simple: raw beauty, absolute safety, and seamless delivery. Whether it's the sculptural lines of a stretch tent or the timeless elegance of sailcloth, we create spaces that are as reliable as they are remarkable.

BEHIND THE CANVAS

FAQ'S

We know the practical details matter just as much as the atmosphere. Here are answers to the questions we're asked most often:

How long does setup take?

Depending on the size and finish, most sailcloth builds take between half a day and a full day. We'll advise on timings and coordinate with your venue so everything runs smoothly.

What ground types do you work on?

Grass is ideal, but we can also install on gravel, hardstanding, and decking with the right anchoring solutions. We'll check this during your site survey.

Do I need to hire toilets and power separately?

Yes - we don't supply toilets or generators directly, but we're happy to recommend trusted suppliers and ensure everything integrates neatly with the sailcloth.

What happens in bad weather?

Our structures are fully weather-rated, with 360° sidewalls that can be opened or closed to suit the conditions. We also offer flooring and heating options to keep your event comfortable, whatever the forecast.

Does EQE have insurance?

Yes - we're fully insured for public liability and rigging. Every build is carried out by our highly trained rigging team, with strict safety checks and quality assurance procedures in place.

Do I need insurance?

We recommend event insurance for your peace of mind - it covers wider elements of your day (not just the tent) and is a worthwhile safeguard.

How much space do I need?

Each sailcloth requires clearance around the footprint for guy ropes and anchoring.

As a guide:

- 14m Circular: approx. 18m x 18m space
- 14 x 20m: approx. 18m x 24m space

How far in advance should I book?

Peak summer dates often book a year or more ahead. We recommend securing your structure as soon as you have a venue and guest numbers in mind.

How do I book, and what deposit is required?

A 20% booking deposit secures your sailcloth, with the balance due 4 weeks before your event. We'll provide a full booking pack outlining all the details.

Do you visit the site beforehand?

Yes - a site survey is included. This ensures access, ground type, and space are all suitable before installation day.

Will you be there on the day?

Our crew manages the full build and breakdown. On the day itself, you'll have a finished space, ready to style and celebrate.

Do you supply furniture?

Yes - we offer rustic trestle tables, benches, cross-back chairs, bars, and lighting to complement your sailcloth. If you're looking for something different, we can also recommend trusted hire companies with alternative styles to suit your aesthetic.

Do you offer styling?

We offering styling through our sister-company, Limelight Wedding Emporium.

If your event is outside of Limelight's radius, we are able to offer The Limelight Styled Box - a beautifully curated collection of styling items for the DIY-savvy couple.

How it works:

1. Build Your Base Box

Start with our "KISS" - Keep It Styled Simple - a thoughtfully curated collection of elegant styling items, ready to grace your tables.
One box = one circular or trestle table

2. Select Your Colour Palette

Pick your chiffon table runner colour to set the tone. Options include soft neutrals, earthy greens, romantic pinks and more.

3. Enhance Your Look (Optional)

Need a little more magic? Add bud vases, napkins, chair sashes and more. It's styling made flexible!

4. Go Premium (Optional)

Upgrade with "The Premium Finish" for a fuller, more elevated look. Ideal for larger tables, top tables or just a little extra wow.
